MUNICIPAL BULLETIN No. 2

STATISTICS OF ONTARIO MUNICIPALITIES

The statistics in this Bulletin are compiled from schedules for 1907 furnished by the Bureau to the Municipal Clerks and Treasurers of Ontario. Many of these officers have not yet returned the schedules. In most of these cases the figures of debenture debt and of sinking funds are taken from the reports of municipal auditors, while in a few cases we have had to repeat the figures of the preceding year in absence of any returns.

These statistics are subject to revision in the Annual Report.

Before the financial details for 1907 are published in tabulated form in the annual report, it will be necessary to complete the checking of the schedules sent in by the treasurer with the detailed reports of the auditors. Experience shows that a mass of correspondence will ensue in order that a uniform construction may be put on the tabulation of the various items of detail in a necessarily condensed schedule. In fact, the correspondence in connection with getting these schedules uniformly tabulated has been so great that the details for 1906 are only now in the printers' hands.

Table I. shows the population, assessed areas, assessed values and taxation imposed for 1907, for the minor municipalities of Ontario grouped within county and district boundaries. It also shows the amount of debenture debt outstanding for all purposes, including schools and local improvement, together with sinking funds as they stood on December 31, 1907. We have also given in the table the exempted property, as taken from the returns to the Bureau, but it is evident that the intention of the Assessment Commission as embodied in the Assessment Roll, has not been understood by the majority of the assessors.

Table II. gives a comparative summary statement (including counties, townships, cities, towns and villages) of the several items of Receipts, Disbursements, Assets and Liabilities for the three years ending December 31st, 1904, 1905 and 1906.

Table III. gives a summary statement for the Province of Ontario, of the Population, as shown by the assessment rolls, and of the assessed Values and amount of Taxes imposed, as shown by the collection rolls, together with the average rate of taxes per head of population assessed as resident, and rate in mills on the dollar of total assessed value for the ten years 1898 to 1907.
